Special Terms

If the Universal Service Support for Schools and Libraries program (commonly known as the e-rate program), 47 C.F.R., Chapter 1, Part 54, Subpart F, et seq., is eliminated in its entirety or Customer loses its funding under such program due to no fault of Customer, Customer shall have the right to terminate the Services previously funded by such program without incurring early termination charges provided that; (a) Customer provides TWC with at least thirty (30) days prior written notice of the loss of funding and its intention to terminate; (b) Customer has paid TWC all amounts due and owing at the time of such termination for all Services provided by TWC pursuant to the Agreement; and (c) Customer pays to TWC, upon receipt of invoice, all construction expenses and other non-recurring charges associated with the Services provided at the terminated location, and any costs and expenses incurred by TWC to terminate the terminated Service, including, without limitation, any applicable third-party termination liability charges. If, during the three (3) year period following such termination, Customer regains funding under the e-rate program or a substantially similar replacement program, Customer agrees to enter into a new agreement with TWC for substantially similar services for a term not less than the portion of the Initial Order Term remaining at the time of termination. The provisions of this paragraph are intended to amend the Parties' Master Agreement and govern all Service Orders thereunder, and shall survive termination or expiration of this Service Order.
